**MEMORANDUM FOR: Project Director of Development

**SUBJECT : Reporting on Functioning of Electronic
Equipment**

**REFERENCE : Memo from Project Communications Officer,
dated 27 August 1957 (SAPC-18875)**

I note the excellent arrangements for ensuring feedback and, more generally, the dissemination of technical experience that is outlined in the reference, a copy of which is attached hereto. I believe consideration should be given as to whether there are any lessons to be learned from this arrangement in the field of photographic equipment.
